

Bible Study on a Laborer

Prayerfully asking for the revelation from the Holy Spirit

1. Examine the Gospels (or at least one Gospel in depth)
 - a. Define a laborer.
In the light of the truth and principles from the Scriptures; and relevant to your context, what does a 21st Century laborer look like?
What function(s) does he/she fulfill?

 - b. How did Jesus develop laborers and leaders for a generational ministry?
Identify key beliefs, values, and behavior in His ministry.
How do these become our beliefs, values, and behavior?

2. How do our observations from Scripture speak to our ministry expectations and models of staffing, laborers, and insiders?
